Dear Business Owner:

Congratulations! Your business has been recertified as a Minority Business Enterprise (MBE) for the State program and as a Disadvantaged Business Enterprise (DBE) for the Federal program. This certification is issued in compliance with U.S. Department of Transportation requirements under Chapter 49 Code of Federal Regulation (CFR), Part 26. Its certification anniversary date is April 14, 2011. The firm's certification is based on the following:

Business Description:

ENVIRONMENTAL ANALYTICAL TESTING LABORATORY, TEST SOIL WATER AND WASTE, DOE ACCREDITED LABORATORY

Primary North American Industry Classification System (NAICS) Code:

541380 - ENVIRONMENTAL TESTING LABORATORIES OR SERVICES

Other NAICS codes:

None

The state and federal programs require the firm be reviewed for recertification every three years from its anniversary date. The federal program also requires the firm's owner submit an affidavit regarding the firm's continued eligibility each year on its anniversary date. OMWBE will send the necessary forms for you to complete approximately sixty (60) days prior to their due date.

If the forms are timely submitted, the firm will remain certified pending completion of OMWBE's review. Failure to timely submit the forms may result in the firm being decertified (state program) and/or determined to have failed to cooperate (federal program), in which case the firm's federal certification may be removed.

The state and federal programs require the firm to notify OMWBE in writing of any changes in its ownership, control, size or activities, and provide supporting documentation describing the change(s). This information must be submitted within thirty (30) days of the change(s).

If you have any questions or need assistance, please do not hesitate to contact this office at (360) 753-9693.

Sincerely,

FOR THE DIRECTOR
